Mr. Clyde R. Sanchez
P.O. Box 208
Dove Creek, CO 81324

Dear Mr. Sanchez:

Thank you for sending us the Notice of Intention to Commence Mining Operations (MR Form 1) and the Mining and Reclamation Plan (MR Form 2) for the Dusty #4 Mine, located in Sec. 35, T. 36 S., R. 25 E., San Juan County, Utah. Before tentative approval can be granted, you must submit a small scale map of your mine area showing approximate locations of surface facilities, underground workings, roads, surface water drainage, ore stockpiles, waste dumps, drill hole locations, prior disturbance and workings from previous mining by others.

At this time, I would like to point out the importance of differentiating between your workings and disturbances and that of others before you. You will be held responsible for reclaiming only the disturbance that you cause. This will affect the size of the bond.

We are planning a field inspection in early December. When plans are more finalized we will contact you as to the day we will visit your mine. We would appreciate receiving the map before then.

Please feel free to contact us if you have any questions on this request. Thank you for your cooperation.

Sincerely,

DIVISION OF OIL, GAS, AND MINING

K. MICHAEL THOMPSON
RECLAMATION HYDROLOGIST
